

NAVAJO PREPARATORY SCHOOL, INC. IB World School

"Yideeskáággóó Naat'áanii" – Leaders Now and Into the Future

“IB For All”

Dear Navajo Preparatory Students and Parents,

Navajo Preparatory School has been an authorized IB World School for 4 years offering a pre-university programme that provides a rigorous education built on principles of developing inquiring and caring students to make a better world through understanding their own and others culture, views and differences. Students also develop a sense of self through service-learning projects and critical thinking. In short, the purpose of the IB programme is to educate the whole student for future success in university!!

We strive for every student to be prepared for college. As an IB World School, we believe all students are part of the IB program. This year we have a **great opportunity** for students to be an IB student. The IB Diploma Program has two pathways for students – Full IB Diploma and IB Course Certification. Each student will choose their pathway in the IB programme to enhance their NPS graduation diploma.

Each student will have the opportunity to be:

1. A full IB Diploma candidate

Or

2. IB Course Certification candidate

IB Course Certification allows students to choose a course they are particularly interested in or have done well in and take an IB exam to earn a certification.

This means all students can potentially receive college credit for the IB courses they already take here at NPS when they pass their exams as most colleges/universities will accept IB Diploma or Certification for credit.

There is funding available to IB full DP and Course Certification candidates to encourage their best opportunity to succeed. Seniors will now have this pathway available to them this year.

We believe in you our students and want you to advance your diploma, students can still take dual credit courses at San Juan College while being an IB candidate. Have a great school year and remember we are all IB. #WeBeIBForAll.

Sincerely,

Ms. Donna Fernandez

IB Coordinator/CAS Coordinator/MESA Advisor
