To: Navajo Preparatory Parents/ Guardians

From: Navajo Preparatory Food Service

Navajo Preparatory is in the process of re-establishing the Provision 2 Base year with USDA so we can continue to provide free meals to all our students. In-order to continue, the State of New Mexico and USDA is requesting that all families fill out the 2020-2021 Application for Free and Reduced Meals. Navajo Preparatory needs to have on file an application for all households of students attending NPS. If NPS does not receive your application, NPS will have to start charging your student for meals at \$3.25 a meal. If you have a child attending another school, you still need to fill an application for Navajo Preparatory School.

If you have any questions, please do not hesitate to give Diane Dembowski a call at 505-326-6571 x152.

The enclosed application needs to be returned to the Business office via mail or email [ddembowski@navajoprep.com](mailto:ddembowski@navajoprep.com) by Sept 10<sup>th</sup>.
