

Prep Family,

As we approach the Winter Season, we want to remind you of our process for determining weather delays, cancellations, and early release scenarios.

Due to the vast area in which our students reside, Administration must factor in all of the communities and the impact of severe weather in those individual communities. This is particularly true on the weekends. Often, the weather in the Farmington area is very different than the weather in Dulce/Cuba, Crownpoint, Kayenta, Chinle, and Window Rock. In order to ensure safe passage on our bus routes for students and our drivers, we must take into account a variety of details from current conditions, local and regional weather reports, highway cameras, department of transportation alerts, and weather forecasts.

If there is inclement weather on a Sunday, and we are unable to send buses out on routes that day, we adjust our pickup schedule to the following day, if conditions improve. In this scenario, there would be no school on that Monday and we would meet on Tuesday instead.

If there is inclement weather on a Friday and we feel it is the safest decision to begin our bus routes earlier, we may choose to issue an Early Release for the day, close the school early, and get buses on the road as soon as possible.

During the weekdays, we have nearly 170 students living on campus. Inclement weather within the San Juan County area may result in a 2-Hour Delay but would rarely result in a cancellation of the school day. With day students and staff attempting to travel to campus for school, we want to ensure that they have adequate time to travel safely to school which is why we would potentially issue a 2-Hour Delay.

We try to make these determinations on cancellations and delays as early as possible so families can plan accordingly. We will send out any weather schedule adjustments to through a variety of outlets including:

Email, Phone Calls, Social Media posts, the NPS App, and on local TV outlets (KOBF, KOAT)

We ask for your patience, flexibility, and understanding while we navigate the complexities of the winter weather over the next few months.

Winter Concert- Music Ensemble

This Monday, December 4 at San Juan College, Ms. McCabe and our music students will be performing selected works to demonstrate their growth in their musical talents. Doors will open at 6:00pm and the concert will begin at 6:30pm. The performances will take place in the Connie Gotsch Theater. We'd love to have you join us for this special event.

Here is the schedule for the week:

Sunday, December 3- Regular Residential Bus Runs

Monday, December 4- 1st-4th Hour classes; Teacher Office Hours 3:30pm-4:30pm; Tutoring 4pm-9pm; C-Team Boys Basketball @ PV Invite

Tuesday, December 5- 5th-8th Hour classes; Teacher Office Hours 3:30pm-4:30pm; Tutoring 4pm-9pm; Boys Basketball vs. Kirtland 4/5:30/7
